

- **STAAD Pro (1–2 Months)**
- **Module 1: Interface & Modeling**
- Geometry creation, Load Application
- **Module 2: Structural Analysis**
- Static, Dynamic, Earthquake load cases
- **Module 3: RCC Design**
- Design beams, columns using IS codes
- **Module 4: Output Review**
- Results, Diagrams, Report creation
- **Module 5: Project**
- Multi-storey RCC building design
